

## New Years Prophecy for 2024 through Pastor Dave Leinenbach

The Word of the Lord came to me and told me that we sing songs about being stronger, greater, bigger. And that is true because of what my son Jesus did says the Spirit of Grace. But yet people sing about it but yet they don't do anything about it. Isn't it recorded in the Word that those that are hearers but not doers, you're deceiving yourself?

Don't you know that our God is a God of all mighty, which is the God that's more than enough? The God that's more than enough. He has more prosperity. He has more healings. He has more deliverance. He has more relationships. He has more, more, more, more, more. More than what the enemy is telling you that the world has for you. Because the world says, "come with me and we'll give you more. Come this way and we'll give you more.

But the end of that is always death, says the Spirit of Grace. Because as long as you follow the wills of the people, as long as you follow the will of the media, as long as you follow the will of the world system it is always going to lead to death. The only way to life is through Jesus Christ and his Word. And when you follow his Word, you will have more in abundance. You will have more prosperity. You will have more financial blessings. You will have more blessed relationships. You will have more of everything that is offered to you in the kingdom. Isn't it recorded when I told Joshua "Go into the land. Every place you put your foot I've already given it to you."

The Word is already been given to you. But you're not claiming it. You're just saying 'Oh that's pretty. Oh, that's nice. I wish it could be me.' Stand up and step out and claim what is yours! It belongs to you. If the Lord thy God said it's yours, it belongs to you. You need to claim it. The devil's going to fight you. But he's defeated. He's under your feet. Don't you know that you are in the Body of Christ and everything has been placed under your feet? Therefore, since he's under your feet – Walk, walk, walk, walk. Claim what belongs to you.

But the only way you can claim it is to know it. Because if the will has been given to you and you don't know what's in the will, how can you prosper from it? But the Word of God is always the will of God. He's a God that does not change.

He never changes. And His will for you is that you prosper in every area of your life. But it's not going to come easy.

2024 is going to be a myriad of problems in the world. It's going to be a lot of tribulation. It's going to be a lot of questions. But as long as you stick with the Word and not the world, you're going to be able to come through it all. Because the Greater one lives in you. You are an overcomer. You are seated in heavenly places. You can do all things. Just don't quit. Don't back down. And don't allow your soul emotions to control you and rule you.

Go with what the Word says. When the Word says do something you do to the best of your ability. Because God says, "I watch over my Word to preform it. And I will not lie. I cannot lie. Therefore, if I said it, I'll do it. And you need to trust it and believe in it."

The enemy is going to come at you in all kinds of ways. Especially the media. The media is gearing up more and more and more to be able to affect your way of thinking, to give you different focuses, different understandings. But I say unto you by the Spirit of Grace that they are liars and they're the father of lies being led by the father of lies, the enemy himself. The media is not telling you the truth. The only truth is God's Word. He said you'll know the truth and the truth will make you free. And when that truth makes you free you will be free indeed. Because it is time that the Body of Christ is the Body of Christ.

How are we going to win the world when we are worse off than they are? But this is the year, this is the year that is set before you that you're going to have more, and more, and more, and more. And you're going to go out and say – wow! This is wonderful. Why didn't I do this before. The Spirit of Grace has come to you year after year after year giving you warnings about this is coming. Darkness is coming. This is coming against you. And yet you sit back and allow it to overcome you.

It's time that the Church, my Body, stands up and starts overcoming the enemy. And starts overcoming the world system. And starts overcoming everything that stands against the Word of God and tries to stop it from moving on the way it's supposed to.

The Word of God is forever. It's settled. It will never change. It will always come to pass. And as long as you trust it, you will prosper in every area of your life. But it's

up to you. It's up to you. I gave mankind in the garden of Eden dominion. And that dominion still holds today. There's a day coming, says the Spirit of Grace, when I'm coming back and taking back what's mine. And that day is closer than you think. But you can make it closer by your obedience. You can make it closer by obeying the Word of God. You can make it closer by doing what God says.

Quit waiting on someone else to do things. You are in the Body of Christ. You have the Greater one in you. You have the same Holy Spirit that Jesus had in Him on that river. And it's time that you stand up and be the child of God you are. Let the world see Jesus in you. Let the world see you, that you're different. Let the world see you that you can do things. Let the world see that you're not afraid. Let the world see that you're not going to put up with it anymore. Cause the devils under your feet and we're going to keep him there. And we're going to see victories in your life, in your families, in your houses. And all these things that you come in contact with. You are going to be victories in every area of your life.

But it depends on you. It doesn't depend on your pastor; it doesn't depend on your neighbor. Doesn't depend on your husband or your wife. It depends on you. And as you get hooked in with the Holy Spirit there is nothing that will be impossible for you. You will be able to accomplish everything that your God has called you to do and set you in a place to do it. Don't fear. Watch your relationships and what you're paying attention to. Jesus said – 'take heed what you hear.' And the more you hear what God says the more you're going to be able to get God results. The more you hear what the world says you're going to live in the world's results.

People are wondering why all this is coming. Because the enemy's scared. He sees the end. Because you see in the Spirit world he can see out there. And he sees the armies of God just standing up waiting. And he sees the Holy Spirit on the earth moving among people and inspiring them to say things and to tell things. And the people of God are not listening. But the more they listen, the more they'll be able to do exploits. And the more exploits they do they're going to be able to be seen as others. And the church will be recognized for once and for all that this is the answer. If I've got a problem, they've got the answer. If I've got a need, they've got the need met. If I've got any kind of difficulty, they can come against that difficulty. I need deliverance. I need freedom. I need blessings. I need to be

set free. But the only way that can happen is through the power of God. And the only way it's going to happen through the power of God is God using his kids. Because He said in His Word- 'I will pour out of my Spirit'. Where is that? That's in every born-again believer. The Spirit of God is in you. The Spirit of God is in you now to do exploits, to do supernatural things. You are a supernatural person. You are over the things of this earth. Stand up. Be not afraid. Do what God says and you will succeed in every area of your life.

Don't be dismayed not everybody is going to heed the Word of the Lord. But when you heed the Word of the Lord, they're not going to have any excuse. Because your God is talking to them and if they refuse to listen then that's what they want to do. It's all a choice. And your choice is, serve God or serve man. What do you want to do. You can have God results or you can have the world's results.

But God wants you blessed coming in and blessed going out. He wants you blessed in the city. He wants you blessed in the field. Everything you put your hand to you can succeed. There is nothing that you will not lack if you learn to trust and walk in the Word of almighty God.

This is the day of abundance in every area of your life. But you have to stand up and grab it. And when you grab it let someone see what the Lord has done. And you can share it with them. And build the kingdom, and build the kingdom, and build the kingdom. And the more we do that because your father God is waiting for the harvest. And the more people we get into the Kingdom the closer it comes...
