

PROPHECY TO THE CHURCH 12/31/2024 (Pastor Dave)

The Word of the Lord came to me today, and He brought up the subject of time.

What time is it? What time is it? You are in a natural sense, regulated by time, but did you know that in the book of Genesis when time was created, that my children were given authority over time?

But yet we've lost the understanding of taking authority over time and allowed time to have authority over you. But the Word of the Lord says, you have been given dominion.

What time is it? Oh the times are getting shorter and shorter and shorter. And you have continued to hear that message, but if you look at the seasons and the time that is before you, that the clock is ticking and it's getting close to midnight. And at midnight there's going to be a shout from heaven and the clouds are going to open and the Church of Jesus Christ is going to rise up to meet Him in the air, but only for those that have spent the time to wait for Him and serve Him.

Too many people in my body, says the Spirit of God that are locked into "I've got time, I've got time, I've got time." The Spirit of the Lord says, you don't know how much time you've got. And time is running down. It's time that you begin to really and truly serve the Lord your God.

2025 is coming upon you and you'd say, "God just another year; whatever." No, you need to become more alive in 25 than you've ever been before in your existence. But the only way you could do that is to spend time and give time to the Holy Spirit.

Give time to the Word of God. Give time to the Lord Jesus Christ. Take away some times that you've given elsewhere and start giving it to Jesus, because when you give Him time, His Word declares as you give it is given unto you. You give time to Jesus and you will never miss that time and that time will lift you up and cause you to begin to seat yourself and see yourself seated in heavenly places. It's time, time, time. You cannot do anything about time past, but you can do something about time future.

But, it is your choice. It is your decision, says the Spirit of Grace. You don't have to do anything, and unfortunately, a lot of my people won't do anything. But there are those who are listening and heeding the voice of God. And when they hear the voice of God, they obey Him. And when they obey Him, they begin to grow and grow and become more and more powerful and become more and more the child of God and warrior of God that God has called them to be.

You are kings and priests unto God. Kings rule and reign. And it is time the Church rules and reigns and quits hiding in these secretive walls, but begin to go out into the world and say, "thus sayeth the Lord." Isn't it recorded, says the Spirit of Grace, you prophecy and I'll show...you prophecy, I'll show. I said that I'll pour out of my spirit and your prophecy and I will show. But those are the people that are going to take time. Take the time to be with the Master.

The more time you spend with the Master, the more you are going to be like the Master. Who are you spending time with? What is truly important in your life? Time. Time. Time. You have authority over time. And too many of my Church saying, "Well it's the Lord's time, it's the Lord's time." No, that's a misunderstanding, says the Spirit of Grace. Because you see time doesn't affect your God at all.

God is before time. God is during and God is after time. No. It's up to you on time. You have been given authority over time. Therefore, when is your time? Your time should be now. Why? Because God is a God of now. He's not a God of future, He is a God of now, right now. And as you put the time of God in your heart, in your spirits and begin to live and operate and motivate that way. You are going to see things happen in 2025 that you are going to stand back and wonder My Lord God! Why haven't I done this before? Why haven't I seen this happen before?

It is because you haven't spent the time that's necessary that causes it to happen. You spend time doing all kinds of things. Not necessarily sin, but things that keep you away from the things of God. And when you start recognizing the fact that Jesus is Lord more than Savior, your time schedules should be changing. Because it is the Lord thy God who wants to use you mightily. He is not a respecter of

persons. He doesn't use your pastor because he's the pastor, He uses the pastor because he's obedient.

And the more he's obedient, the more God is allowed to use him. And since God is not a respecter of person, He'll use you to set the captives free. He will use you to get rid of devils in people's lives. He will use you to do these things, but it's going to take time. But you are never going to miss the time because as you give time there's a law that says it's going to give back to you. So the time you have with God, the time you spend with God, the time you give to God, that time will never be missed by you, because God will always give you enough time to take care of other things.

This is the day the Lord has made. The day of the Church. But the Church needs to wake up and look at the clock and say, "Time is running out." You can't do anything about the times of yesterday, but you can fix the time of tomorrow in your lives.

The Kingdom of God. It is written that the Kingdom of God, the Spirit of God, is going out through the whole earth to show Himself strong. But He can't show Himself strong to people who don't want to exercise. Because only with exercise do you gain strength. Because if you never use your spiritual muscles, when the task comes to you, you are not going to be able to handle it.

2024 was a mixture of tragedies and temptations. But we haven't been in 2025 yet so what is going to happen in 2025? We are going to see more and more of a split in the Church. We are going to see people start to get really hungry for God and step over the line and make decisions for God. And we are going to see the religious people just comfortable in their way that they want to do things.

But, the Bible says they think their way is right, but the end is going to be death. The only right way is God's way. And the only way you make that decision is make that decision. It doesn't make any difference what anybody else does. Every one of you are responsible as individuals to make your decisions before God.

So what time is it? What time is it? It is time. It is time to put our fleshy thought processes aside. It is time to put our feelings on the table. And it is time to take time to get revelation from God. And as you get revelation from God, you will do exploits. As you get revelation from God, you will be seen by others that look at you and want what you have got. But it is going to take time to do that.

The lie of the enemy says that you don't have time, but God says you've got time. Live in the eternity and time won't bother you. But the more you live in the world system, the more the world system is going to control you. When you start living in eternity, time doesn't count anymore. You start living in eternity and you say "I can do this now, I can get that person free now, I can help that person now because greater is He that is in me..." Say "I don't have to wait for it, the time is now, now is the day of salvation, now is the accepted time of the Lord, now is the day of the Lord."

Now is the time that you need to make a commitment to God like you have never done before because the end is coming, the end is coming, the end is coming. God wants to pour out of His Spirit and have a revival like the world has never seen before. But He is not going to do it with a bunch of religious people. He is going to do it with blood bought, blood washed, spirit filled, tongue talking, bible toting believing people who take the time, who take the time to hang out with their God.

As you read in the Word, you will find that one of the things that Jesus did a lot of, was that He spent time with God. He ministered to people all over the place, but He would always go off and spend time with God. And, because He did those things, He had miracles, signs, wonders. He defeated death, hell and the grave. And when it came to His time, He yielded Himself to the Father, willingly, saying not My will but Your will be done.

Before the foundation of the earth, there was this time set that Jesus became the sacrifice for all mankind. The Bible says when the fulness of time came. Jesus paid the total price so that you can be just like Him. So don't think about "oh I don't have time, I don't have time."

Think about your day. What do you spend your time doing? Not all things are sinful, but some things will keep you away from the things of God says the Spirit of Grace. So you have to look at your time. Take time, Make 2025 a year of spending time with God like never before.

2025 a time where you spend more time in the Word, more time fellowshiping, more time together. More time praying for people and interceding for people, because God wants your time. It is always your decision, and there are those who say "Well you know I'll get it together." But you may not have time to do that, because you see says the Spirit of Grace the world has a time and locked into a time system. And there is a day coming when God says the earth lease is over, and the Word says that the Angels of God stand on the four corners of the earth and say "Time shall be no more."

You don't know how much time you have, God does. And He is waiting on us to spend the time, to spend time with Him, so He can come back and find faith in the earth. Don't wait on someone to do it for you. You need to do it because you are an individual. Every one of you is called to the ministry. Every one of you has a job. Every one of you has a task, but you don't all have the same jobs. You don't all have the same task. But you all have the same time. Give time to God, He will never let you down and you will never miss it.

Now is the time, now is the accepted day of salvation. You could just wait and wait and wait and hope you make it. But you have to make the decision that you don't know how long it is. Now is the time, God has promised you now! Make the decision and allow the Spirit of God to get a hold of you, and tell you now is the time when you need to seek the face of God. Now is the time when you need to spend time in prayer. Now is the time you need to spend in Bible study. Now is the time you need to spend praying for somebody. Now is the time you need to spend time in witnessing to somebody, because that is what you are called, anointed and appointed to do. It's all about time. And the time is under your control. You have authority over it.

It is time for the Body of Christ to stand up and say, JESUS IS LORD!
